imported

Old-fashioned articulated arm

- 1980s technology,
- no distal end calibration of 7-mirror alignment,
- heavy and can fatigue surgeon's arm.

One (1) spot size

- cumbersome to defocus,
- limited range of procedures

Unknown Reliability

- previous model with poor laser tube longevity was retired from Veterinary, Dental and Oral & Maxillofacial Markets.

**190% Heavier
57% Larger
footprint**
